

ACORN Canada

Uniting communities for justice | acorncanada.org

ACORN Canada is an independent national organization of low and moderate income families with over 30,000 members organized in 20 neighbourhood chapters in 6 cities across Canada. Since 2004, we've been organizing to mobilize low and moderate income families for justice and to have their voices heard and their power felt.

We believe the conditions that adversely affect millions of Canadians can best be transformed through an active national membership deeply invested in its organization and focused on lasting socio-economic change.
